

Link Pattern Cards

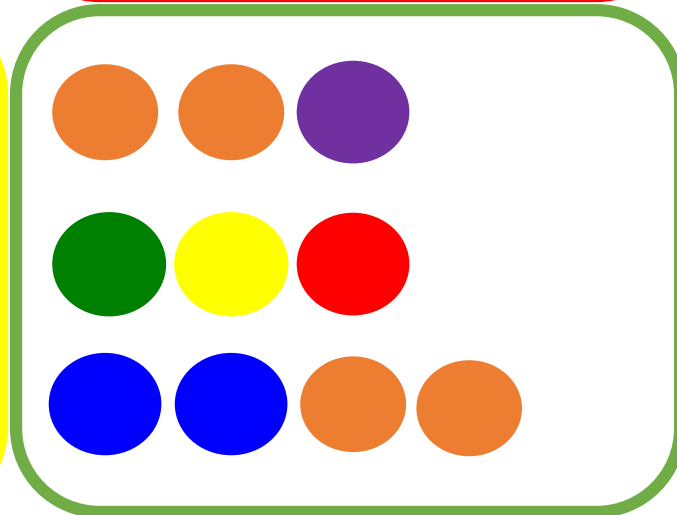

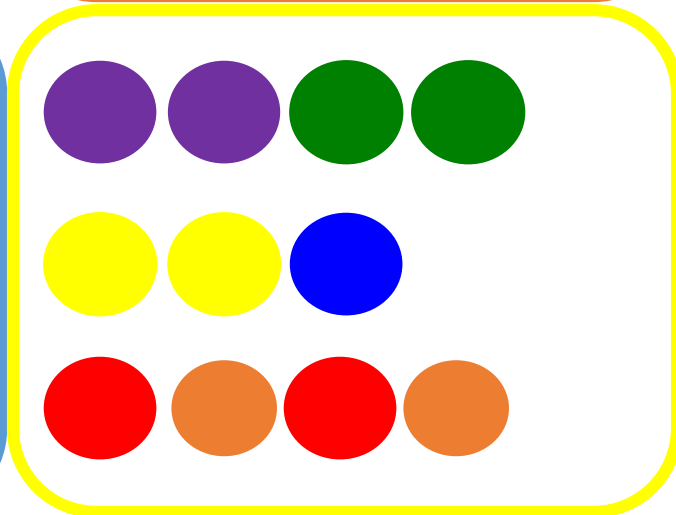

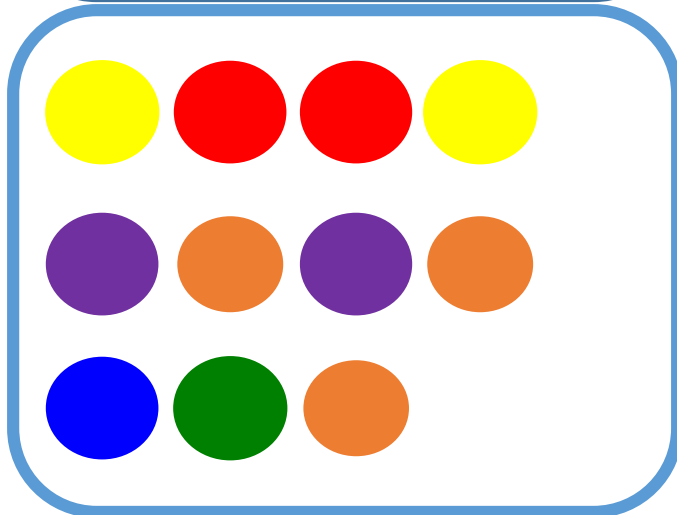

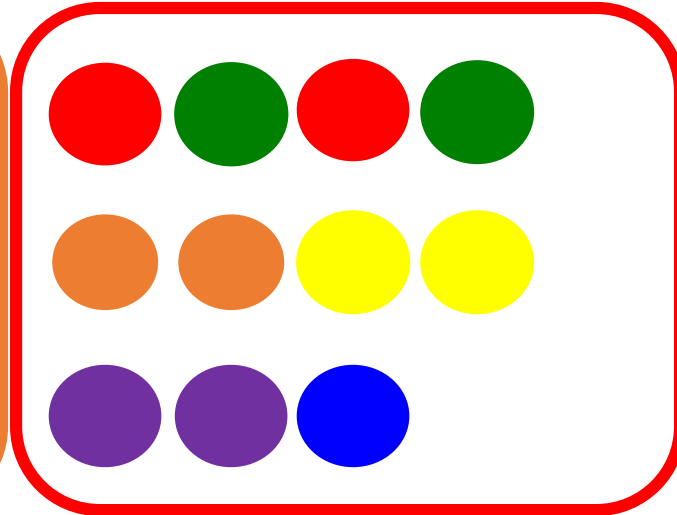

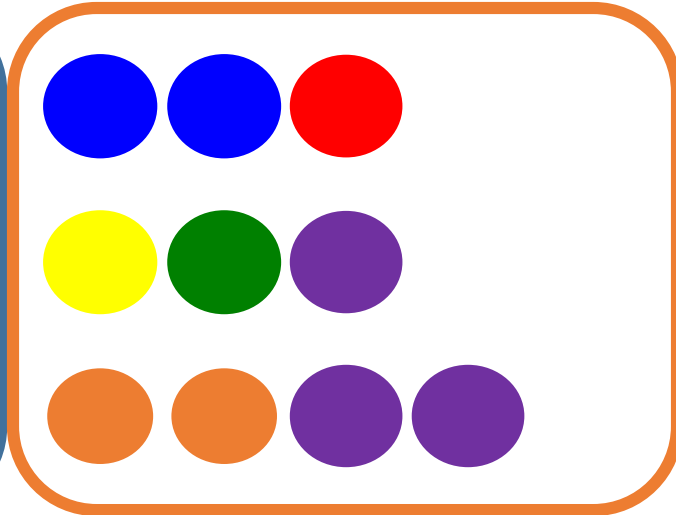

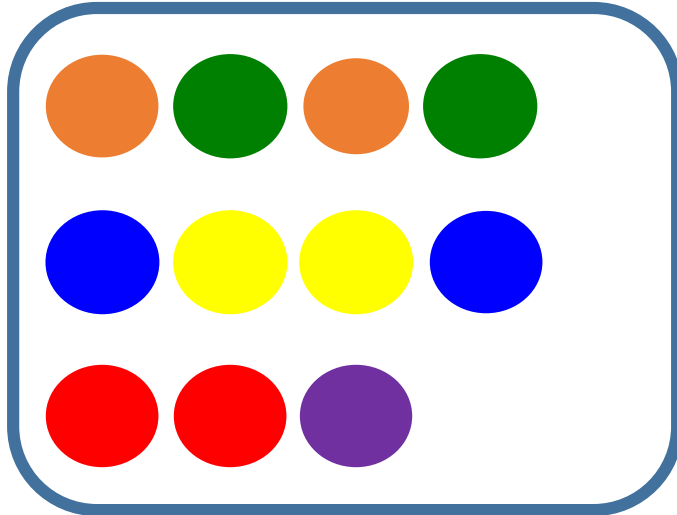

These colourful cards are to be used with plastic links in different colours to create patterns.

They are easy to use: print the cards, cut them out and laminate. Hole punch three holes on each card, one below each pattern set. Students can then create and extend patterns by putting the links through the holes.

This set includes: 6 cards with coloured dots that can be used to practice extending a pattern and 3 cards with pattern rules on them that are used to create their own pattern.

Types of patterns included: AB, AAB, ABB, ABC, AABB, ABA, ABBA
